Loft EVOPlus

Why choosing Crea7ionEVOPlus:

Fire line// Linear and continuous fire line;
Combustion area// Crea7ionEVOPlus Fire Line 800;
Safety// Equipped with multiple safety sensors;
Display// Provides a better user experience;
Language// Language selection;
Remote control// Practical and functional;
Battery// Does not require electrical installation;
Tank// Capacities: 3L, 5L and 10L;
Materials// High-quality materials (Titanium and Stainless Steel). High durability;
Installation// Even more compact dimensions.

--

Crea7ionEVOPlus Security:

Levelling sensor// The system turns off in case of unevenness or falling;
Leakage sensor// The system turns off if there is some kind of leak or fuel/liquid spill;
Vibration sensor// The system turns off in case of accidental shock;
Tank door locking system// The tank door locks while the system is running for user safety;
Smothering the combustion fire line// The system turns off immediately if it is smothered by something;
Spillage on the combustion fire line// The system turns off if it detects an increase of liquids in the combustion line;
Overheating// The system turns off if it detects an overheating that can arise from poor ventilation.

GlammFire

Loft EVO

Finishings and combinations:

Lacquered steel

Varnished corten steel / lacquered steel

Rusted corten steel / acier laqué
