

Cassette 400/600

Optimyst® | 230V/50Hz | 125 Watt

The Cassette 400/600 inset fire unit not only surprises with its free floating flame and smoke effect, its modest size and variable flame intensity make it highly suitable for 'endlessly' creative interior solutions: placed as a single unit in a table or inside a gas or wood fireplace, or as a line of fire by simply putting several units alongside each other. The only connection you need is 230V. Just fill the reservoir with fresh water and click on the remote for hours of cosy ambiance, over and over again.

- Ideal for creative projects, to be installed in furniture or used for other decorative purposes
- Easy-fill water tank, offers around 8-10 hours of continuous operation before refilling is required
- View of the fire from 4 sides
- Newly developed with LED lights for lower power consumption with a longer service life
- Crackling logs sound effects with adjustable volume
- Logset available as an accessory

ACCESSOIRES

Logset 400L

Art. number 211583
EAN code 5011139211583

Logset 600L

Art. number 211590
EAN code 5011139211590

Viewing configurations

All-round view.

Flame Effect

Surprising by the floating flame and smoke effect and variable flame intensity.

All-season flames

Enjoy the unique charm of a fireplace 365 days a year using the flames without the heat.

Flame technology

Optimyst® flame technology, flame patterns by cold water vapour.

LED Lighting

Flames and lamps use energy-efficient LEDs that require no maintenance and can burn separately.

Decoration

Product is delivered without decoration, but can be decorated with a wood set (optional to be ordered).

Multi-function Remote

Control all functions of the fireplace from the comfort of your chair.

Crackling sound effect

Sound effect of crackling wood fire.

Installation

Very suitable for installation.

Cassette 400/600

Unit dimensions

All dimensions are in mm

All cassettes must have adequate ventilation for an optimal fire experience.
